Softer comfort with supportive cushioning

The Tranquil Sleep is designed for customers who enjoy a softer, more cocooning feel. Cool cell foam and layered comfort materials work with a foam encapsulated support unit to create softness with support underneath. A strong option for those who want comfort they can really sink into.

Comfort Feel
Soft comfort for a gentler and more cushioned sleep experience.

Support
A foam encapsulated 1000 count unit provides supportive stability across the mattress.

Pressure Relief
Cool cell foam and comfort layers help cushion the body for a softer sleep feel.

Sleep Surface
Luxurious micro Tencel fabric gives the mattress a soft and premium finish.

Best For
Ideal for customers who want a softer, more cocooning mattress feel.

Key Feature – Temperature Regulation
Cool cell foam helps create a fresher and more comfortable sleep surface.
