Cooling comfort built for recovery

The Respa Recover is a sport and recovery mattress with a balanced medium feel. Cooling gel infused foam and HD foam sit over a foam encapsulated 2000 count unit, in a 36cm depth. A strong choice for active customers who want cooler, more stable sleep.

Comfort Feel
Medium comfort with a balanced blend of cushioning and support.

Support
A foam encapsulated 2000 count unit responds across the body for balanced support.

Pressure Relief
Gel infused foam and supportive HD foam help cushion the body after active days.

Sleep Surface
A knitted soft fabric with a quilted foam and polyester finish adds surface comfort.

Best For
Ideal for active customers who want cooling comfort and responsive support.

Key Feature – Cooling Recovery
Cooling gel infused foam helps reduce heat build-up for a fresher night's recovery.
